

Director's Report February 2025

- Deliberative session went well for us. No one had any questions for our request for the \$12K warrant article.
- We had the 2nd floor emergency lights and signs inspected and nearly all the emergency lights on 2nd floor failed so we had to replace 13 of them.
- I went to the Merri-Hill-Rock meeting in Derry in person to connect with libraries in our area.
- Who is planning to attend the NHLTA in May?
- Planning summer reading already. Booking big name presenters that fill up quickly. 2 booked in partnership with Rec.
- April has been doing story time and game nights and crafts, keeping the families of Hampstead engaged with our programs. Janet, Julie, and April have been working with the books that Jenn has purchased in advance for us and buying new titles our patrons request.
- Meeting with vendors to get information about updating the furniture in the Crowley room. Still.
- Hired Megan Michaud as our new Youth Services Librarian. She starts on Feb 24th.
